

KIEU TRONG THIEN

FULL STACK ENGINEER

✉ kieutrongthien@gmail.com

📍 District 8, Ho Chi Minh, Vietnam

☎ (+84) 783 481 348

Profile

Full Stack Engineer with diverse experience in building and optimizing web applications, **CMS**, and e-commerce platforms.

Skilled in **PHP**, **JavaScript (NodeJS, VueJS)**, **Laravel**, and **Python (Flask)**, with proven ability in real-time applications using **WebSockets**, **RabbitMQ**, and **Redis caching**.

Contributed to blockchain-based and international client projects, while also gaining hands-on **DevOps** experience in deployment, server management, and system optimization.

Highly motivated to deliver scalable, high-performance, and user-friendly solutions.
